

Manchester Stained Glass

Spring 2019: Glass Art Workshops timetable

Time & date	Course	Cost
<p><u>Two-day weekend workshop</u> Sat: 10.30am-4.00pm Sun: 10.30am-4.00pm 1st and 2nd June 2019</p>	<p><u>Stained Glass for Beginners</u> During this two-day, weekend course students learn about the techniques involved in making a stained glass panel. You will be taught how to cut glass, lead and solder, whilst using a variety of coloured glass. By the end of the course you will have produced a small leaded panel to take home. <u>Materials included. Workshop limited to 4 people.</u></p>	<p>£203.00</p>
<p><u>One day Workshop</u> 10am – 4.00pm Saturday 18th May 2019 Cancelled – New dates to follow soon</p>	<p><u>Introduction to Copper Foiling - Workshop</u> The Copper foiling technique, developed in the Tiffany Studios in the 1890s, is ideal for small decorative panels, sun catchers and mirrors. Copper tape and solder are used to create a seam joining the pieces of glass. In this introductory workshop learn how to make a decorative sun-catcher using the copper-foiling technique. You will learn to cut glass safely and competently, grind glass, copper foil and how to solder, using a variety of coloured and textured glass. At the end of the workshop you will produced a small decorative sun-catcher to take home. <u>Materials included. Workshop limited to 4 people</u></p>	<p>£69.50</p>
	<p>Please read the terms and conditions before booking. Thank you 😊</p>
